QUESTION 1

A customer defines work schedules by using both elapsed and time-based shifts. How should you configure the Time and Labor time entry layout so that it properly shows the scheduled absences on the time card?

- A. The time entry layout must include start and stop times along with the hidden Absence Plan time attribute and the displayed absence values.
- B. The time entry layout must be part of a layout set that is configured by using the Absence Management Time Consumer template.
- C. The time entry layout must include start and stop times along with the required assignment, in addition to a time card field for the absence values.
- D. Absence entries can be entered only by using the Calendar Entry layout in the layout set.
- E. The time entry layout must contain the delivered, but hidden Schedule time attributes time card field.

Correct Answer: C
